DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, lines 9 and 14, there is no antecedent basis for "their upper edges"; in lines 21 and 22, "its one end" and "its other end" ; line 25, "the rear" and lines 26 and 27, "its one end" and "its other end". In claim 5, line 4, the use of the term "VELCRO" only identifies a source of material and not the material itself since the generic terminology has not been used. The trade name, since it renders the claim indefinite, should not be used and should be replaced by the generic terminology of "a hook and loop fastener".

However, the claims, as best understood, have been examined on their merits.

Art Unit: 3765

4. Claims 1-5 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure..
